

Berlac Group completes strategic acquisition of Vernici Caldart S.r.l.

Sissach, 29.09.2026

Berlac Group today announced the successful completion of the acquisition of a majority stake in Vernici Caldart S.r.l. a leading Italian developer and manufacturer of industrial paints for a wide range of applications.

Through this strategic transaction, Berlac Group significantly strengthens its position in the industrial coatings market, creating new opportunities for sustainable growth and technological innovation.

The acquisition aligns perfectly with Berlac Group's long-term strategy. By combining both organizations, the group brings together complementary expertise, cutting-edge technology and top-tier talent. Both companies share a deeply rooted commitment to quality and a strong customer-centric approach.

This step will enable Berlac Group to:

- Expand its geographic footprint within the key Italian and broader European markets.
- Further enhance its internationalisation process at a global level.
- Diversify its product portfolio through Vernici Caldart's advanced coating solutions.

For customers and business partners of both companies, operational continuity remains fully guaranteed. Active contracts and service standards will continue uninterrupted while further benefiting from the group's global synergies.

With this milestone, Berlac Group underscores its clear ambition to continue investing in the industrial paint market, consolidating its role as a leading international player.
